

Ayush Anand

AI/ML Engineer Intern | Agentic AI & Cloud Orchestration

+91 8105061205 • anandayush1205@gmail.com • [linkedin.com/in/ayushanand-1264032b2](https://www.linkedin.com/in/ayushanand-1264032b2) • github.com/madebyayush

TECHNICAL SKILLS

- **AI/ML & Agentic Systems:** LLMs, Agentic AI (Planning, Reflection, ReAct), Multi-Agent Systems (MAS), RAG, VectorDB (Pinecone), Generative AI
- **Infrastructure & DevOps:** AWS (EC2, S3, Lambda, Elastic Beanstalk, ECR, API Gateway), Azure, GCP, Docker, Kubernetes, OpenShift, CI/CD
- **Big Data & Security:** Apache Spark, Hadoop, Kafka (basics), Network Security, Cybersecurity, IAM
- **Full-Stack Development:** Python, JavaScript (ES6+), TypeScript, Java, C++, SQL, HTML/CSS, React.js, Node.js, Express.js, FastAPI, REST APIs
- **Databases & Blockchain:** MongoDB, MongoDB Atlas, DBMS, Solidity, Ethereum, Smart Contracts
- **Core CS:** Data Structures & Algorithms (DSA), Object Oriented Programming (OOPS), Operating Systems (OS)

PROFESSIONAL EXPERIENCE

IDBI Bank | Software Development Intern

Dec 2023 – Feb 2024

- Architected an AI-powered chatbot using **NLP and Machine Learning** to automate **intent recognition** and text preprocessing for secure banking domain data.
- Engineered an end-to-end AI pipeline with **deterministic workflows**, ensuring high-accuracy tokenization and real-time user interaction.
- Optimized banking operations by training **ML models** on domain-specific datasets, implementing **data governance and security guardrails**.

SELECTED PROJECTS

AgentOps – Agentic AI for Autonomous Operations

- Developing an AI orchestration layer utilizing **Multi-Agent Systems (MAS)** and **ReAct patterns** to automate enterprise operations autonomously. Implemented core agentic patterns including **planning, reflection, and long-term memory management** using **Vector Databases (Pinecone)**. Integrated **Tool Use and Function Calling** capabilities, enabling agents to execute scripts with **Human-in-the-Loop (HITL)** checkpoints. [GitHub: github.com/madebyayush/AgentOps](https://github.com/madebyayush/AgentOps)

Chatzy – Real-Time Chat Application | MERN Stack | WebSockets | JWT

- Built a full-stack real-time messaging platform featuring **WebSocket-based live chat**, **JWT authentication**, and a secure admin control panel. Managed database operations using **MongoDB Atlas** to handle persistent messaging and user data with high availability. [GitHub: github.com/madebyayush/Chatzy](https://github.com/madebyayush/Chatzy)

PhishGuard – Real-Time URL Detection System

- Built a production-oriented phishing detection system achieving **96.65% classification accuracy** with **sub-150ms inference latency** using Random Forest models and serverless AWS infrastructure.
- Improved phishing detection reliability with **98.13% recall**, minimizing false negatives in high-risk URL classification workflows.
- Architected scalable event-driven threat reporting pipelines using **FastAPI, AWS Lambda, S3 and SES**. [GitHub: github.com/madebyayush/PhishGuard](https://github.com/madebyayush/PhishGuard)

University Portal – Role-Based University Portal

- **Secure MERN Architecture:** Built a role-based portal with **passwordless OTP logins** and **encrypted admin operations**. **Academic Management:** Featured **dynamic batch-year enrollment** and **mass attendance tools** with a minimalist aesthetic. [GitHub: github.com/madebyayush/University-Portal](https://github.com/madebyayush/University-Portal)

Airpods Max – Interactive Smooth Frontend

- **Premium Frontend:** Developed an Apple-inspired product showcase using **HTML, CSS, and TypeScript**. **Immersive UX:** Implemented **smooth animations** and **responsive layouts** with a clean, minimalist aesthetic. [Link: airpods-max](#)

EDUCATION

RV University, Bangalore | B.Tech – Computer Science (Hons.)

2023 – 2027

CERTIFICATIONS & ACHIEVEMENTS

- **ELITE Top 5%:** NPTEL Affective Computing (IIT Madras) – Score: 94/100 (2026)
- **AWS Solutions Architecture & Cloud Practitioner Essentials** (2026)
- **BCG – GenAI Job Simulation** (2026)
- **Cisco Data Analytics Essentials | Infosys Cybersecurity Fundamentals** (2026)
- **IBM Network Security | IBM SkillsBuild** (2026)
- **AWS - Solutions Architecture Job Simulation** (2026)
